The Family Online Safety Institute works to make the online world safer for kids and their families by identifying and promoting best practice, tools and methods in the field of online safety, that also respect free expression. We do this through the development of public policy, technology, education and special events. FOSI is a trusted convener, bringing together leaders in government, industry and the nonprofit sectors to collaborate and innovate new solutions in child safety in a Web 2.0 world.

Keep up-to-date with FOSI's widely-acclaimed roundtables, forums and annual conferences. With conferences in Madrid, Washington DC and the Kingdom of Bahrain, FOSI is once again setting the International agenda and shaping the family online safety debate for 2010.
